However, those players must receive a year-end computer rating to be eligible for Sectional and National play. Those players must play Sectionals/Nationals at their computer-rated level.

Players that are computer-rated at the time of local play, and are bumped up at the end of year, may play Sectionals/Nationals at their lower rating. An exception is a computer-rated player that is double-bumped, they must play at the higher level.

## THE USE OF THE NATIONAL TENNIS RATING PROGRAM AND NTRP COMPUTER RATINGS IN THE USTA LEAGUE

**The National Tennis Rating Program (NTRP) is the official system for determining the levels of competition for the USTA League. The USTA NTRP Computer Rating System assigns ratings based on play in the local league and at championships and select NTRP tournaments.**

1. The National Tennis Rating Program (NTRP) Guidelines define the characteristics of the various NTRP skill levels.
2. The USTA NTRP Computer Rating System is the official system to determine computer ratings for players throughout the country who participate in the USTA League. It is a mathematical system that assigns computer ratings to players by direct and indirect comparison of match results obtained from the USTA League and select NTRP tournaments.
3. A valid NTRP rating level is in effect for two years for individuals 60 years of age or older prior to, or during, the League Year and for three years for individuals 59 years of age or under, or until another valid NTRP rating level is generated. (See *Valid NTRP Computer Ratings Table*)
4. Players with a valid NTRP rating level must enter at that level or higher. (See *Valid NTRP Computer Ratings Table*)
5. Players in the USTA League without a valid computer rating must self-rate in accordance with the *General & Experienced Player Guidelines – Supplement to the NTRP Guidelines*. Factors such as a player's on-court performance, tennis background, and any additional information should be considered in the self-rating decision. When players are rating themselves, if they question at which level they should play, they should place themselves in the higher NTRP level of play.

**Note:** Players who are good athletes or intend to spend a great deal of time taking lessons and practicing should be aware that their improvement may be significant enough to surpass their original self-rating during the local league season or championship play. To avoid NTRP Dynamic Disqualification, these players should enter at a higher NTRP level of play at the beginning of the local league season.

**Texas Regulation:** Super Champ Self-Rating. If a Junior player was a Super Champ in the 16's or 18's in the past five years, he/she must self-rate at or above a 4.5 level.

6. In the USTA League Adult Division, dynamic ratings will be calculated at regular intervals for all participants during local league competition, at the end of the local league season, and either during, or at the end of, District/Area through Sectional Championships.
7. At the USTA League Adult Division National Championships, players will continue to generate dynamic ratings through their last match played, but there will be no NTRP Dynamic Disqualifications at National Championships.

8. After the USTA League Adult Division National Championships, year-end NTRP published levels will be calculated using USTA NTRP Computer Rating System Procedures approved by the USTA League Committee.
9. In the USTA League Mixed Division, an NTRP level will be calculated for participants who play in that Division exclusively. Year-end ratings will be based on the final dynamic rating generated from local league and championship level competition unless the player has a valid Computer (C) rating from a previous year.

**1.04F(1)a** Rating levels are derived in accordance with the USTA NTRP Computer Rating System Procedures. Once a player is assigned a valid Computer (C) NTRP rating level, it is valid for the Adult and Mixed Divisions for all players 59 years of age or under for three consecutive years or until another NTRP published rating level is generated. For players 60 years of age or over, a valid Computer (C) NTRP rating level is valid to play in the Adult and Mixed Divisions for two consecutive years or until another NTRP published rating level is generated. (See *Reg.1.04F(1)b* and *c* and *Valid NTRP Computer Ratings Table*).

**1.04F(1)b** Mixed results will not be part of generating a player's year-end rating, except for those players who participate in the Mixed Division exclusively. A player who plays in the Mixed Division exclusively will receive a published Mixed Exclusive (M) or Automatic Appeal–Mixed (A) rating level at year-end unless they have a valid Computer (C) rating level from a previous year on file in TennisLink. If a player has a valid Self (S) rating, at the time of registration for the Adult Division the player will be assigned an (S) rating at the level reflecting the higher of their (S), (M) or (A) rating. If such player does not have a valid (C) rating from a previous year, or a valid Self (S) rating, he or she must self-rate with the minimum NTRP rating level being the higher of the self-rate, valid Mixed Exclusive (M), or Automatic Appeal–Mixed (A) rating.

**1.04F(1)c** A player who plays exclusively in NTRP tournaments and subsequently chooses to participate in the Adult Division must enter that Division by using a valid Computer (C) rating from a previous year or a valid Self (S) rating. If a player has a valid Self (S) rating, at the time of registration for the Adult Division the player will be assigned an (S) rating at the level reflecting the higher of their (S), (T) or (A) rating. If such player does not have a valid (C) rating from a previous year, or a valid Self (S) rating, he or she must self-rate with the minimum rating being the higher of the self-rating, valid Tournament Exclusive (T), or Automatic Appeal–Tournament (A) rating.

**1.04F(1)d** Players who do not have a valid NTRP rating level on file in TennisLink shall self-rate in accordance with the *General & Experienced Player Guidelines – Supplement to the NTRP Guidelines* and complete the self-rating process on TennisLink when registering for a team. Players who allow someone else to complete the self-rating process for them will be ultimately responsible and held accountable for information submitted or omitted. Failure to self-rate in accordance with the *Guidelines*, or omission of information regarding a player's tennis history, will subject the player as well as the captain and/or others who completed, assisted, condoned and/or approved an inappropriate self-rating to penalties under the League Suspension Point System. Players whose self-ratings are determined to be inaccurate or inappropriate shall be disqualified. (See *Reg. 3.03E(1)a*).

**1.04F(1)e** Self-ratings are valid for two years from the date issued or until replaced by a dynamic or computer rating. If there is a change in their playing experience the player may appeal their rating up at that time or they may be promoted by the Sectional coordinator.

**1.04F(1)f** TennisLink will automatically remove expired computer- and self-ratings thereby allowing individuals to self-rate. Players with expired ratings will not be allowed to self-rate at a lower level than their last valid NTRP rating level. However, when assigned an NTRP rating level by TennisLink, the player will have the opportunity to file a Self-Rate Appeal.

**1.04F(1)g** Each Sectional Association shall designate a committee to handle Self-Rate Appeals for those who appeal their assigned self-rating level. This committee may be the same, in whole or part, as the Sectional League Grievance Committee that handles NTRP Grievances. Players who appeal their rating and anyone acting on their behalf will abide by the Self-Rate Appeals Committee's decision without further right to appeal same, except that the Committee may reconsider its decision in the event there has been a clear factual error made by the Committee. Players granted an appeal of their self-rating may be subject to NTRP Grievance based only on newly discovered or missing information not previously considered. (See *General & Experiences Player Guidelines – Supplement to the NTRP Guidelines*.)

**1.04F(1)h Valid NTRP Computer Ratings.** See *Valid NTRP Computer Ratings Table*.

**1.04G(2)** A player may play on only one team in an NTRP level within an Age Group in the same local league during the same season. In local leagues where NTRP levels are divided into flights, a player may not play in more than one flight.

**1.04G(3)** A player may play on more than one team in an NTRP level within an Age Group in the same season provided it is in separate local leagues. The Section has the authority to accept or deny participation. **Texas accepts participation.**

**1.04G(4)** A Section may authorize participation in more than one NTRP level within an Age Group in the same local league during the same season. **Texas will allow local areas to authorize participation.**

**1.04G(5)** A player may play up to one NTRP level higher than the player's current NTRP level.

**1.04G(6)** A player who qualifies to advance to championships on more than one team may be required by the Section to choose which team he or she will represent.

**1.04G(7)** At any National Championship, if a player qualifies for two or more teams at the same NTRP level for an event, the individual must declare which team he/she will represent. In the absence of a declaration, the first match played will determine which team he/she will represent.

**1.04G(8)** A player may participate in only one individual match within each team match.

**1.04G(9)** A player who participates in the USTA League in violation of any provision of Section 1.04G *Player Participation Eligibility*, shall be subject to an Eligibility Grievance as defined in Section 3.02D *Eligibility Grievance*.

**2.01B Men, Women and Mixed Doubles.** Men’s and women’s leagues shall be separate at each approved NTRP level in the Adult Division. Leagues in the Mixed Division are comprised of a man and a woman who combine to play in each individual match. The local league shall determine which of these approved NTRP levels in Reg. 2.01A(4) shall be available for men, women and mixed genders in local league competition.

**2.01C Competition Format.**

**2.01C(1) Full Round Robin.** Each NTRP level within a local league may play at least one full round robin competition wherein every team plays every other team. When any NTRP level consists of only two teams, each team is required to play a minimum of three team matches, which is a triple round robin. When any NTRP level consists of only three teams, each team is required to play a minimum of four team matches, which is a double full round robin. Any NTRP level may be divided into flights and each team shall play every other team in its flight. The flight winners may enter a playoff structure to establish a local league champion for that NTRP level.

**2.01C(1)a** Each Sectional Association may permit additional matches, selected randomly, within a flight.

**2.01C(1)b** Each Sectional Association may permit additional cross-flight matches in which each team in one flight plays an equal number of matches in the other flight, selected randomly if not a full round robin.

**2.01C(1)c** Each Sectional Association may permit the top teams in a flight to play an additional round robin to determine advancement, and the teams without a mathematical chance to advance may play an additional round robin.

**2.01C(2) Partial Round Robin.** Each NTRP level within a local league may play a partial round robin competition wherein every team plays the same number of matches against randomly selected opponents. A minimum of the top two teams shall progress to a single elimination playoff to establish a local league champion for that NTRP level.

**2.01C(3) Team Match.** Each team match in a local league shall consist of such number of individual matches of singles, doubles, or any combination thereof as determined by the local league. Each team must have the minimum number of players available to play the majority of individual matches. If one team does not have the minimum number of players, the opposing team will be credited with a total team default, and will win each individual match 6-0 6-0. If neither team has the required minimum number of players, the match shall be scored as a double team default, and neither team will receive credit for a win. In the case of a team default or double team default any individual matches actually played will count only for NTRP ratings and eligibility for advancement and cannot count for determining standings.

**Texas Regulation:** USTA Texas scores invalid matches, (majority of matches not played), as full team defaults which result in all matches being removed from the standings for the round robin being played. If any of the matches have been played, those matches will count only for NTRP ratings and eligibility for advancement, not for determining standings.

If both teams have the minimum number of players available to play, but the combination of individual defaults by the two teams would result in the majority of matches not being played, the teams must follow the procedure(s) established by the Sectional Association, to ensure that a majority of individual matches are played.

Each Sectional Association shall establish procedures to determine the 1) flight standings in the event of a team default or double team default and 2) actions to take when the combination of individual defaults given by the two teams in the team match results, or would result, in a situation where the majority of the individual matches are not played. If no such procedures have been established, the match will result in a double team default.

**USTA Texas's procedure is as follows:** When both teams have the minimum number of players available to play, but the combination of individual defaults would result in the majority of matches not being played, the teams will play the singles position to fulfill the "majority of matches played" rule and to complete the match.

When two players on a team show up that are members of two different doubles teams, the Section authorizes, in this case, that the two players may play together at the higher position to avoid an additional forfeit. Example: Only one doubles player on line 2 shows up and only one doubles player on line 3 shows up, then those two players can play on line 2 to avoid an additional forfeit. Defaults are from the bottom up.

**2.01C(4) Match Scoring and Formats.** It is recommended that all matches be the best of three tiebreak sets with a match tiebreak in lieu of a third set. The match tiebreak shall be scored as one set and one game for tiebreak purposes. For play at or below the Sectional level, the Sectional Association may authorize the use of other USTA approved scoring methods and other scoring methods that are compatible with the USTA NTRP Computer Rating System. Other match formats include: best of three tiebreak sets with a set tiebreak at 6-all, pro-set matches, a single set with a set or match tiebreak at 6-all and timed matches. No-Ad scoring can be used with any of the scoring methods.

The method of awarding points in order to determine the winning team of a local league team match and the winner of the local league competition may be the same as that used in championship competition or may be another method compatible with the USTA NTRP Computer Rating System selected by the local league. (See *Reg. 2.03D Competition Format* and *Reg. 2.03E Team Match and Scoring* for championship competition.) The scoring in the event of a default or disqualification shall be 6-0, 6-0. Retirements shall be scored as described in *Reg. 2.03N Scoring of Retirements*.

**2.01C(5) Individual Match.** An individual match is defined as any singles match or any doubles match played as part of a team match.

**2.01C(6) Team Line-Ups.** The team captain for each team shall exchange their team line-up simultaneously prior to the beginning of the team match. No substitution may be made in an individual match after the line-up has been presented, except for injury to, illness of, or disqualification of a player prior to the start of such match and except under such further circumstances as a Sectional Association may authorize. If the substitution is made during the warm-up, the substitute player is entitled to a five minute warm-up. The default principles in *Reg. 2.03K Team Defaults* and *2.03L Scoring of Team Defaults* shall be applicable.

**2.01D Coaching.** When the scoring method is the best of three tiebreak sets and a 10 minute rest period is taken between the second and third sets, coaching is permitted only during this rest period.

The local/area coordinator will be notified of the players receiving the suspension. Players may play local leagues if not facing further sanctions from their local leagues.

**Right to Appeal:** Only the team Captain may file a written appeal within 14 days of the suspension through the local/area coordinator to the Section Appeals Committee. Relief may be granted under extenuating circumstances.

**2.02B(4) National Championships.** The team winning the National Championship in each NTRP level of competition in each Age Group of the Adult and Mixed Divisions shall be the USTA League National Champion.

If all teams with a mathematical chance to advance have played the defaulting team in good faith, those matches shall stand as played when determining standings. The Sectional Association may impose further penalties on the defaulting team. If such penalties include a suspension from League play, they must follow the League Suspension System, including the filing of a grievance and assessment of suspension points (See *Regulation 3.03A(7)* and *3.03D(4)*).

**2.03M Retirement.** A retirement occurs when an individual match has started and a player/doubles team is unable to continue due to injury, loss of condition, emergency, or refusal to play. If a full team retirement or combination of defaults and retirements occurs, the Championship Committee has the authority to file a grievance and to follow 2.03O if authorized by the Section. The Sectional Association may impose further penalties on the defaulting team. If such penalties include a suspension from League play, they must follow the League Suspension System, including the filing of a grievance and assessment of suspension points (See *Regulation 3.03A(7)* and *3.03D(4)*).

**2.03N Scoring of Retirements.** In case of a retirement, for the purpose of determining standings, the non-retiring player/doubles team shall be credited with such number of additional games as would have been won if the match was completed and the non-retiring player/doubles team won every subsequent game. For NTRP computer data entry in TennisLink, mark as *retired* and submit actual scores of the match at the point of retirement.

**2.03O Unforeseen Circumstances.** Should any situation occur, which could potentially result in invalid matches or the postponement, rescheduling, or cancellation of a National Championship, a committee composed of the Tournament Director, National staff and National League Committee member(s) will determine the best course of action. This may include, but not be limited to, changes to the format, number of matches, and scoring. In certain extreme situations, National Co-Champions may be awarded. Sections may add additional language to their regulations or Championship Procedures to cover similar unforeseen circumstances.

## **2.04 NTRP DYNAMIC DISQUALIFICATION AND REVIEW PROCEDURES / [Q&A](#) INTERPRETATIONS.**

**2.04A Applicability.** The Regulations in this section are applicable only to the USTA League Adult Division.

**2.04B NTRP Dynamic Disqualification Procedures.** Dynamic ratings will be calculated for all Adult Division players during local league competition and at every level of championship competition including National Championships to determine if any players have reached the NTRP Dynamic Disqualification criteria stated in the USTA NTRP Computer Rating System Procedures. Players subject to NTRP Dynamic Disqualification, as described in the *NTRP Dynamic Disqualification Table* will be dynamically disqualified if they reach the disqualification level three times based on all matches except retirements received.

**2.04B(1) Local League NTRP Dynamic Disqualification.** Players who are NTRP dynamically disqualified will be notified by the Sectional League Coordinator or designee and have the right to a review in accordance with the procedures in Reg. 2.04C – *NTRP Dynamic Disqualification Review Procedures*.

**Texas Regulation:** Local League Dynamic Disqualifications. In the event of a local dynamic disqualification from a particular level of play, a self-rated player and/or an appealed computer rated player (A) will have to immediately move up to the appropriate level. However, no matches will be taken away from their teams. All points earned by a disqualified player will stand. Captains who have 2 or more disqualifications within 12 months may be subject to a grievance being filed against them.

**2.04B(2) Championship NTRP Dynamic Disqualification.** There will be no NTRP Dynamic Disqualifications processed at National Championships. Players who are NTRP dynamically disqualified at any championship including Nationals will be notified by the Sectional League Coordinator or designee and have the right to a review in accordance with procedures in Reg. 2.04C *NTRP Dynamic Disqualification Review Procedures*. The Section shall choose one of the following options for NTRP Dynamic Disqualifications at each Sectional Championship and below:

**2.04B(2)a** Run dynamic calculations and produce ratings throughout the championship. Through the conclusion of the championship event, notify and disqualify any player who meets the criteria for NTRP Dynamic Disqualification and reverse appropriate matches played. (See *Regs. 2.04E(2)a* and *b* for championship scoring procedures when NTRP Dynamic Disqualifications are done throughout the championship competition.)

**2.04B(2)b** Run dynamic calculations after the conclusion of the championship and disqualify those players who meet the criteria for NTRP Dynamic Disqualification. Matches played will stand. (See *Reg. 2.04E(2)c* for championship scoring procedures when NTRP Dynamic Disqualifications are done after the conclusion of championship competition.)

**2.04B(3)** After an NTRP Dynamic Disqualification, the player may not play at the disqualified NTRP level of play or any lower NTRP level of play in either singles or doubles for the remainder of the Championship Year and for the succeeding Championship Year including any subsequent National Championships the player is qualified for. In any Division using combined levels, the combined NTRP rating of the disqualified player and partner may not surpass the level of competition. A player who has been moved up as a result of an NTRP Dynamic Disqualification in the Adult Division must immediately adjust their NTRP level of play in the Mixed Division.

**2.04B(4)** Players who are NTRP dynamically disqualified may be allowed to move up and participate on another team at a higher NTRP level during that same local league season provided registration has not closed.

**2.04B(5)** Individuals who receive their third strike while participating in an Early Start League (ESL) must immediately adjust their NTRP level of play. Such players may not participate at the disqualified NTRP level in a previous year's championship for which they may have qualified.

**2.04B(6)** In the local leagues and at District/Area or Sectional Championships, if the NTRP Dynamic Disqualification of a player is not upheld by the NTRP Dynamic Disqualification Review Committee, a second NTRP Dynamic Disqualification will be considered if warranted by additional data.

**2.04C NTRP Dynamic Disqualification Review Procedures.** Reviews are based solely on missing or incorrect data.

**2.04C(1) Local.** If the team captain or the player disqualified in the local league desires a review of the NTRP Dynamic Disqualification, a written request must be submitted to the Sectional League Coordinator or designee asking for a review before the NTRP Dynamic Disqualification Review Committee of the nearest jurisdiction, within the deadline set by the administrator. The written request for a review shall be delivered by the recipient to the Chair of the NTRP Dynamic Disqualification Review Committee. A review shall be held as soon as reasonable.

**2.04C(2) Championship.** If the team captain or the player disqualified during or after the conclusion of championship competition desires a review of the disqualification, a written request must be submitted to the Tournament Director, Sectional League Coordinator or designee, asking for a review before the NTRP Dynamic Disqualification Review Committee of the nearest available jurisdiction within the deadline set by the Chair of the Championships Committee or designee. The written request for a review shall be delivered by the recipient to the Chair of the NTRP Dynamic Disqualification Review Committee. A review shall be held as soon as reasonable.

#### **2.04E(2) Championship.**

**2.04E(2)a NTRP Dynamic Disqualification Done Throughout Championship Competition When Using a Round Robin Format or Segment.** If the Section chooses to calculate dynamic ratings and disqualify throughout the championship, all matches played by a dynamically disqualified player shall be considered losses and those matches shall be considered 6-0, 6-0 wins for the opposing player or doubles team.

**2.04E(2)b NTRP Dynamic Disqualification Done Throughout Championship Competition When Using a Single Elimination or Segment.** If the Section chooses to calculate dynamic ratings and disqualify throughout the championship, the last individual match played by a dynamically disqualified player shall be considered a loss and that individual match shall be considered a 6-0, 6-0 win for the opposing player or doubles team.

**2.04E(2)c NTRP Dynamic Disqualification Done After Conclusion of Championship Competition.** If the Section chooses to calculate dynamic ratings and disqualify after the conclusion of the championship, all points earned by dynamically disqualified players at the championship will stand but the disqualified players will not be allowed to continue or advance.

**Texas Regulation: Sectional and Local League Championship Dynamic Disqualifications.** At the Sectional level and local championship/playoff level, the Texas Section will calculate dynamic ratings and disqualify those players who meet the criteria for NTRP disqualification following the championship. All points earned by the disqualified player at the championship will stand. From that point forward, the disqualified player will have to play at their new level which could possibly prevent them from advancing with their team to the Sectional or National Championships.

NTRP Grievances shall be administered by the Sectional League NTRP Grievance Committee of the player against whom the NTRP Grievance was filed. Each Section shall have the option to adjudicate NTRP Grievances prior to, during or after a championship event.

**3.03E(6)** NTRP Grievance disqualifications occur when the Sectional League NTRP Grievance Committee reaches such decision and sends notification to the parties involved. The date and time that the Sectional League NTRP Grievance Committee sends notification controls the assessment of penalties, including the scoring of matches, which may be administered in accordance with USTA League Regulations 3.03B(4) *Scoring of Eligibility Disqualification in Local League* and 3.03C(4) *Scoring of Eligibility Disqualification for Championships*.

**3.03E(7)** After an NTRP Grievance Disqualification, the player may not play at the disqualified NTRP level of play or any lower NTRP level of play in either singles or doubles for the remainder of the Championship Year and for the succeeding Championship Year. **NTRP Grievances** must be filed at least 7 days prior to a Local or Sectional Championship. This will give the Grievance Committee time to make a fair decision. NTRP Grievances filed within 7 days of a Local or Sectional Championship will be addressed after the Championship.

**To File an NTRP Grievance:**

1. File grievance with the USTA Texas NTRP Coordinator. The Coordinator will give you their opinion on if the grievance will be upheld. No Cost.
2. Grievance is sent to the League Grievance Committee. Cost is \$25
3. Grievance is sent to the League Appeal Grievance Committee. Cost is \$50.

If the Grievance is upheld, the money will be refunded. All money in this account at the end of the year will be donated to the USTA Texas Foundation.
